Summary Curious **Front End Developer** with a design background looking for a collaborative team and great culture. Preferred language is VueJS but open to other frameworks (or no frameworks!) as well.

Experience **Reorg**

Front End Developer
New York, NY
February 2017 - Present

- Working closely with product and back-end to bring a Screener feature to life from mock-ups through development using component-based JavaScript architecture and VueJS.
- Improved the performance of a data-heavy feature by over a minute refactoring with functional components.
- Doubled engagement on a platform feature using autocomplete suggestions based on search term.
- Co-created the Women in Tech at Reorg meetup hosting events for the tech community.

ALM Media

Graphic Designer
New York, NY
March 2012 - January 2017

- Member of the corporate marketing team.
- Designed an array of production materials for legal events.

Education **DePaul University**

Bachelor of Arts in Art & Art History

- Concentration in Art & Design
- Minor in Spanish

Cum Laude
Chicago, IL
